

OJUKWU'S WORDS WILL COME TRUE

J. Chisedu Ozorugwu
ABA.

MAY I remind Gowon and his supporters that as the previous statement made by our Head of State has come true so will his other statements come true in the near future.

They should not forget that our Head of State once said: "Gowon's inviting white mercenaries in this war is only to prolong the war and not to crush the

young Republic of Biafra".

It is only a devilish fellow who would like to lose his soul before God and take part in Nigeria's genocide against the young republic of Biafra. As Biafran soldiers fear no human colour in the battle field, so do bullets not spare any human colour.

May God protect all Biafran citizen.
