

NOT AFRAID

B. C. NJOKU

Ph

I AM only concerned not afraid of Gowon's empty boasts that he would end the War on 31st March. So I would like all Biafrans to be more vigilant now that the war will soon end in victory for Biafra.

May I also appeal to the authorities concerned to call more often for our usual bush combing and house to house searching. Let us not take chances. Long live the Republic of Biafra.
