

THANK YOU FOR THESE BUSES

Ozurumba Eme-Uzor
Port Harcourt

ON behalf of Port Harcourt Public I am thanking the Management Committee for the Emergency Municipal Bus Transport Service at this time when the enemy had thought the peace of this community had been shattered.

The Port Harcourt Bus passengers, the workers; have since been in need of this sort of social service but until recently nobody had thought there were minds creating this service for us at this time.

The coming out of this four-55-passenger buses is a great achievement. It is significant for the fact that it has come at this time. The enemy has planned to attack us here. To see us moving in these ultra-modern buses instead of leaving the city is a fruit of our belief in the existence of

the Almighty God.

While I thank Mr. T.C.K. Osuji Provincial Secretary, for his fruitful call for this set-up; Mr. E.C. Unachukwu Senior Divisional Officer for good management of the service and Mr. Emmanuel Aguma Provincial Administrator for launching the service, I also appeal to the Port Harcourt bus users for good conduct in the use of the buses.

I believe that while this bus service is for us; the drivers, the conductors will be diligent in their duties.
